

# Dual inspiration, unlimited potential

Hitachi FX-79E1 / FX-89WE1  
Interactive Whiteboards

Introducing the new interactive whiteboards from Hitachi especially designed to help you get the most out of training, brain storming and project planning.

The versatile board is the pen-driven interactive whiteboard that you can also operate with your finger. Its hard surface makes it just about unbreakable and it will take multiple users. This makes it perfect for training, group work and educational games. The interactive whiteboards also comes with a low-reflection screen for sensitive eyes and dual-hand operation. Ideas and alterations to designs, draft documentation, sketches, pictures or video clips can be changed during a meeting and alterations saved immediately for distribution. The interactive whiteboards can even be linked in real time, so that meeting participants in different locations can participate in a virtual meeting.
